

Installation instructions of the Low Stool

The figure. 1 shows the components of the stool

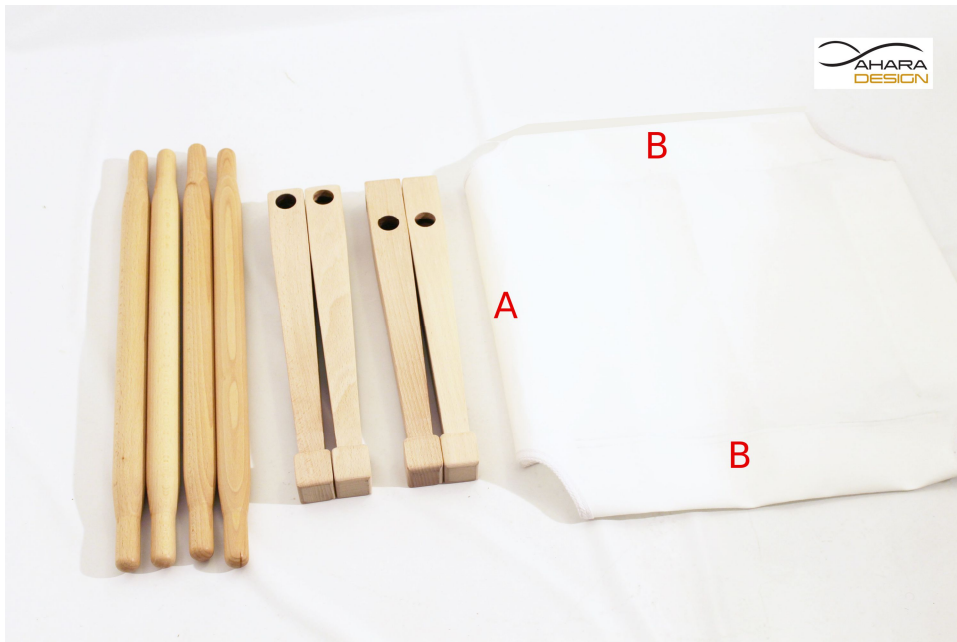

Fig. 1

Tuck one of four sticks in the slot A of the tissue and then insert it into the holes (lower) of of two legs. Then insert the other two sticks into slots B and insert them into the holes (high) of the two legs, as shown in Fig. 2.

Fig. 2

The last two lower legs must be connected with the remaining stick (the fourth) by inserting the stick in the lower holes. Subsequently the two legs are inserted in the two sticks as shown in Fig. 3 stretching the fabric and securing it with the Velcro.

Fig. 3

The stool is ready.
